## Ports of Cairns welcomes *Sea Princess*

The Cairns Cruise Liner Terminal will welcome *Sea Princess* on Wednesday 14 December 2016, with approximately 2,900 passengers and crew on board.

The ship is scheduled to dock in the Port of Cairns at 0900hrs and depart on Thursday 15 December 2016, at 1600hrs.

*Sea Princess* is one of three Princess Cruises Australian-based ships that began docking at the Cairns Cruise Liner Terminal this year, following new simulator exercises which showed the ships could safely traverse the channel to the city's harbour. This will be her last visit for 2016 before returning again in April 2017.
